

# HiReach™

# V60F

## *Own it for just \$2,600/mo!*

You have high goals for your company; reaching them requires a payment that won't drag you down. Ring Power Utility Equipment can help to you attain your goals of being aloft in a Elliott Hi-Reach V60F for just \$2,603<sup>32</sup> per month (48 month term with first payment due in advance.)

With a 500 pound platform capacity and a working height of 63 feet and 38-foot side reach, this truck is a workhorse. With optional winch, jib and power to the platform (110v lead or compressed air line), there isn't much you can't do with the Elliott Hi-Reach V60F. The low GVWR chassis requirement also means the V60F can be offered in a non CDL configuration.
